

LEWIS & CLARK RADIO CLUB

FREQUENCIES

FREQUENCY COORDINATION

Lessons learned from a recent club outing found that programming simplex frequencies into your radio to communicate with other members can be challenging.

To prevent this from happening the Board of Directors and the Emergency Communication Committee suggest we coordinate both VHF and UHF simplex frequencies and have them preprogrammed into your radios.

2 Meter Simplex Frequencies

- 1 - 146.520 National Calling Frequency
- 2 - 146.540 LCRC Simplex
- 3 - 146.575 LCRC Simplex
- 4 - 147.475 LCRC Simplex

70 Centimeters Simplex Frequencies

- 1 - 446.000 National Calling Frequency
- 2 - 445.475 LCRC Simplex
- 3 - 446.475 LCRC Simplex
- 4 - 446.025 LCRC Simplex
